MO-Lite

Experience the unconventional mix of MO-Lite fashion

Have you ever felt like you wanted to stand out yet fit in? Well, the MO-Lite collection has the balance you desire, with its blend of modesty and exuberance.

MO-Lite is a fusion of the traditional brief cut with the essence of Private Structure Style. This collection consists of 2 of the most popular cuts — the mini brief and trunk. Our experts have carefully designed its appearance by adjusting the side seam height and bulge room, enhancing its visual impression.

We picked unsaturated colours as the key tones for this collection, paired with complementary colours to highlight the piece. Each unique colour combination is tailored to provide a peaceful and calming feeling for the wearer.

Our designer decided to use pre-treated stretch cotton to control the underwear's smoothness. The fabric is delicate, like a lover's touch, on your skin. It also has a cushioned waistband for extra comfort, with a stamp-pressed leather badge that covers its seam line.

Light up your life from the inside out with MO-Lite

2022 02 25 04:01 | 规格: M

Love the simple design and fabric, very comfortable as well. Just that the private structure logo tag behind seem like made of leather, might need to hand wash instead putting in washing machine. White color look great will purcha se more in future.
